Top Tips for pronouncing Spanish:

Vowels: Each of the five vowels has its own clear sharp sound: **a** as in hat; **e** as in pet; **i** as in feet; **o** as in clock; **u** as in drew.

C's and Z's: **c + e = th** (cero, once); **c + i = th** (cinco, gracias); **z + a, o, u = th** (zapatos, azúl); **c + a = ka** (casa, catorce); **c + o = ko** (cómo, color); **c + u = ku** (Cuba, cubano).

LL's: The double ll, as in **calle**, is another characteristic Spanish sound. In most parts of Spain it's like the 'lli' in the English **milli**on.

H's: The h is silent in Spanish. Imagine it's not there: **hablo, helado, ¡hola!**

J's and G's + E or I: J is a harder, stronger version of the English 'h'. G, when followed by e and i, sounds exactly the same as j.
